THEY ARE HERE  
TWO GREAT CORPSES  
MORE LAND FOR US  
EUROPE IRRITATED

—By Arthur Brisbane—

Syndicate, Inc.)

IMPORTANT NEWS IS the ar-  
rival of the courageous air travelers  
from Ireland. For the second time  
men have succeeded in flying the  
Atlantic, coming westward.

Soon, of course, regular flights at  
stated hours will be provided for  
passengers.

And only a little while ago the  
idea of any flying was ridiculed.  
Men progress quickly, once they  
start.

KING GEORGE and Queen  
Mary joined with others yesterday  
in celebrating the end of 17 years'  
work that has restored St. Paul's  
cathedral in London to a safe con-  
dition.

The fine old building is worth  
saving.

And in its vault under heavy  
stone monuments lie what is left of  
two bodies more important to the  
modern British empire than any  
other two.

They are Wellington and Nel-  
son, not far apart, resting in soli-  
tude half darkness.

THE story is still current that  
Nelson was buried hurriedly be-  
cause it was necessary. When  
shot down on his flagship, he  
was put into a cask of rum, at  
sea to preserve his corpse from  
decay, as was customary with  
important dead sailors are said  
to have drunk the rum  
through a hole in the barrel  
leaving the admiral without  
protection, or preservation. The  
story is not proved.

THE UNITED STATES considers  
claiming ownership of great areas  
over which Commander Byrd flew  
recently in the antarctic. We may  
follow the example of Great Brit-  
ain and other nations, saying,  
"That land is ours, for we saw it  
first." It would add 150,000 square  
miles to our possessions.

THE LAND AND OPEN SEA in  
these regions are valuable already,  
the water for whale fishing and  
other live crops, the land for its  
mineral possibilities.

In years to come with the shift-  
ing of the poles, those lands will be  
warm and fertile. But that will be  
thousands of years hence. By that  
time the earth's governments may  
think only of making land useful  
to all human beings, not about  
grabbing and owning.

MR. ADOLPH S. OCHS,  
back from Europe, fears "we do  
not appreciate the seriousness  
of the feeling of irritation  
against the United States  
throughout all Europe."

Well informed Americans  
know that Europeans hate this  
country first, because they owe  
us money. The borrower never  
loves the lender. Then, there is  
plain jealousy. Those nations  
thwarted our quarrels, and agree  
forever, to send our men and  
money to take part in their  
fights.

BUT EUROPE'S "feeling of irri-  
tation" need not worry us.

Give the United States enough  
airplanes, submarines and swift  
cruisers, and you will find Europe's  
"feeling of irritation" completely  
offset by a more important feeling  
of respect. You don't need their  
love, if they fear you.

THE HOUSE HAS PASSED the  
bill to pay the war veterans about  
\$102,000,000 a year additional. The  
President will veto the bill when it  
reaches him. The house is expect-  
ed not to overrule his veto.

The President explaining his op-  
position to the bill says it amounts  
to \$70,000,000 a year more than the  
legion itself demanded, and that

Short Run Puts Plane In

Long Voyage

(By The Associated Press)  
HARBOR GRACE, N. F., June 26.—  
The sky trail to New York was  
resumed today by Capt. Charles  
Kingsford-Smith and his three  
flight companions of the world-  
circling airplane Southern Cross.  
The plane made a perfect takeoff at  
daybreak.

Prevented by blinding fog and  
compass trouble from completing  
an Ireland-New York hop and land-  
ing here with barely enough petrol-  
eum to wet her tanks, the veteran  
plane was in the air again within  
20 hours after completing a hop  
from Ireland. It hopped off at 3:05  
a. m., Salem time.

Captain Kingsford-Smith had 400  
gallons of petrol and 12 gallons of  
oil put into the tanks yesterday in  
preparation for today's hop. The  
wind was favorable.

The fliers arrived at the airport a  
half hour before the takeoff and  
went immediately to the plane.  
Lunch was put aboard and the mo-  
tors turned up and the crew of  
three, led by Captain Kingsford-  
Smith, jumped eagerly into the  
plane.

The plane taxied 100 yards be-  
fore going into the air.

A light westerly wind was blow-  
ing.

An 1,100 mile flight faced the  
Southern Cross, with an estimate of  
12 to 14 hours flying time being  
necessary. The direct course lay over  
Cape Breton, Cape Breton island  
and Nova Scotia, and by a slight  
deviation would include New Eng-  
land.

Capt. Kingsford-Smith, pilot,  
planned to land at Roosevelt  
field, Long Island.

The second successful westward  
crossing of the perilous Atlantic in  
the history of aviation was made in  
32 hours' flying time. The Southern  
Cross left the airport at Port Mar-  
nock, Irish Free State early Tues-  
day morning.

GIANT TUBE ON  
BOTTOM OF SEA

Professor Hoped To Put  
Gulf Stream To Work  
Furnishing Power

HAVANA, June 26.—Doubt was  
expressed today that the \$1,000,000  
tube which broke its moorings and  
sank to the bottom of the ocean off  
Matanzas yesterday could be sal-  
vaged.

The tube, built by Prof. Georges  
Claude, French scientist, in an ef-  
fort to revolutionize industry by  
putting the gulf stream to work, was  
a mile long and large enough for  
a young boy to walk through erect.

When the valves at the extreme  
end of the tube were opened the  
dead weight of the huge contrap-  
tion of corrugated steel snapped the  
inch-thick cables holding it to the  
shore and the tube sank in nearly  
4,000 feet of water.

Engineers said the tube would  
break into its component parts if  
an attempt were made to bring it  
to the surface again. Professor  
Claude said that disaster for a  
second time had halted his experi-  
ment.

The tube was constructed to haul  
water from the ocean depths to be  
used to condense steam which Pro-  
fessor Claude hoped to obtain by  
submitting the warmer gulf stream  
water to vacuum.

Professor Claude believed that by  
means of his system energy could  
be produced with 75 per cent ef-  
ficiency.

Irene Shrader, Dague  
To Start Arguments

NEW CASTLE, PA., June 26.—  
Arguments will be heard during the  
session of court beginning July 8  
on the appeals for new trials for  
Mrs. Irene Shrader and W. Glenn  
Dague, under sentence to die in  
the electric chair for the slaying  
of State Highway Patrolman Brady  
Paul.

Supplementary petitions, citing 30  
points of law and alleged errors on  
the part of the trial court, were  
filed in behalf of the pair yester-  
day.

commerce he learned something  
on his recent visit to the United  
States. He had thought the  
chief topic of discussion there  
was money. "It was not," he ex-

Responses received by District  
Commander Frank J. Eckstein of  
Salem from other commanderies in  
the district indicate that Canton  
Alliance and East Liverpool will  
send large delegations to Salem Fri-  
day afternoon for the first annual  
conclave and field day of the 12th  
district, Knights Templar of Ohio.  
Salem commandery will be host  
to the knights, many of whom will  
be accompanied by their wives. All  
Masons and Eastern Stars are in-  
vited to attend this event and it is  
estimated that fully 500 will as-  
semble at Masonic temple for the  
program which opens at 4 p. m. and  
continues through the evening.

State Officers Coming

This event is attracting attention  
of knights throughout Ohio, as sev-  
eral grand commandery officers will  
attend. Grand Commander Robert  
L. Queisser and his son, Adjutant  
Charles Queisser, will come from  
Cleveland and Past Grand Com-  
mander John H. Dickerson of Cin-  
cinnati.

TACOMA, WASH., June 26.—  
A patrolman found Bunny  
Rooser, 7, wheeling along the  
streets of Tacoma on his coast-  
er wagon late last night.

Inquiry revealed he had  
strayed from his home in South  
Prairie, 25 miles away. Bunny  
insisted he made the trip pull-  
ing the wagon up hills and  
coasting down. He went home in  
the family automobile.

Substitute For  
Veterans' Bill  
Expected Soon

WASHINGTON, June 26.—Con-  
fident the President's veto of the  
Johnson-Rankin veterans' relief  
bill would be sustained by the house  
today, administration followers ex-  
pected adoption by nightfall of a  
substitute measure that would meet  
senate and White House approval.

The veto message was looked for  
in the house at noon with a vote  
following immediately. A two-  
thirds majority of those voting is  
necessary to override a veto. With  
154 Republicans in the house mem-  
bership of 435 pledged to sustain  
the President, the rejection of the  
bill was regarded as definitely as-  
sured.

To Substitute Bill

Within two hours after the veto  
vote, house Republican leaders ex-  
pected the substitute bill, designed  
to provide pensions for all World  
War veterans 25 per cent disabled,  
to be passed and sent to the senate.  
Action there not later than Satur-  
day was forecast by senate leaders.

President Hoover has informed  
Republican leaders he approved the  
substitute measure. He has attack-  
ed the Johnson-Rankin bill as dis-  
criminatory.

The substitute measure, he has  
attacked the Johnson-Rankin bill  
as discriminatory.

The substitute measure, contain-  
ing features of the Swick, Reed and  
Rogers proposals, would call for an  
outlay for the next fiscal year of  
about \$50,000,000 to provide pen-  
sions for all veterans of 25 per cent  
disability and over ranging from  
\$12 to \$40 a month. It would af-  
fect about 200,000 veterans the first  
year, in addition to the 245,000  
now receiving compensation.

To Effect All Veterans

Eventually it would affect all the  
4,500,000 World War service men,  
there being no limit on the time  
for filing of claims, and it is es-  
timated that the maximum load, in-  
cluding dependents, will reach 12-  
600,000 persons. Within three years,  
the cost is expected to amount to  
between \$80,000,000 and \$100,000-  
000 annually.

A minimum payment of \$12 a  
month would be made to each tu-  
burcular veteran whether his case  
is active or arrested. It carries a  
"battle casualty" clause which  
would authorize a payment of \$25  
additional a month to veterans re-  
ceiving compensation who lost an  
arm or a leg in battle.

Whatever the ailment, as long as  
disability is 25 per cent and is not  
the result of vicious habits, veter-  
ans would be entitled to the pen-  
sions as long as they live.

The White House late yesterday  
said widespread support has come  
to President Hoover from veterans'  
organizations in many sections of  
the stand in opposition to the  
Johnson-Rankin bill.

Another Decoration For Byrd

CLEVELAND, June 26. — Three  
former Canton city officials pleaded  
not guilty when arraigned today  
before Federal Judge West on a  
charge of conspiracy to violate the  
prohibition laws.

The men are Arthur B. Druken-  
brot, Canton tailor and former  
councilman; Ellis Darany, former  
police sergeant; and E. E. Curtis,  
former safety director and brother  
of former Mayor C. C. Curtis, who  
was defeated for reelection last  
November.

Bond for Drukenbrot and Cur-  
tis was fixed at \$5,000 each. Two  
charges of conspiracy were filed  
against Darany and his bond was  
set at \$10,000.

Named By Grand Jury

They were named in a grand  
jury report yesterday. Hearing that  
they were wanted the three men  
surrendered.

A deputy for the United States  
Marshal's office here is said to have  
left for Stark county to arrest three  
more.

The indictments were reported  
late yesterday along with 77 others  
after several weeks' work. Federal  
prohibition agents, after a three  
months' investigation, charged that  
the city had been laid out in well-  
defined vice and liquor districts  
and that racketeers paid large sums  
of money to police and politicians  
in return for being allowed to op-  
erate without interference.

The former city official reported  
named in the three secret indict-  
ments was a storm center in Can-  
ton politics for several years. He  
was quoted as saying that he knew  
nothing of the indictment but "ex-  
pected something like that might  
happen."

The former police sergeant, a  
member of the Canton police force  
for 20 years, was reported coming

Brothers Draw Near  
World's Record For  
Air Endurance Jaunt

Romance Hovers Around Family Sponsoring Flight;  
Lindbergh Was Inspiration Which Sent Four  
On Careers In Air; Two Fly Mail

(By The Associated Press)  
CHICAGO, June 26 — The four  
flying Hunter boys of Sparta, Ill.,  
staked virtually all their money on  
an airplane endurance flight which  
if it is continued, will surpass the  
record at 6:01 o'clock next Sunday  
morning. At 3:40 a. m. today the  
plane had been in the air 347 hours.

Waiter, the eldest, said they had  
pooled their funds, expecting to  
realize at least \$200,000 if the flight  
was successful.

The smooth sailing that had  
marked the flight for two grueling  
weeks turned rough last evening  
when the first serious threat to the  
success of the flight—a leaky gaso-  
line tank—developed. The tank  
under the left wing was the faulty  
one, and the circumstance neces-  
sitated night refueling, with its  
hazards and difficulties.

Try To Repair Tank

The fliers, in notes dropped to  
the field, said efforts were being  
made to repair the tank and they  
also spoke of the added caution  
needed in handling the plane due  
to the change of balance created  
by the empty left wing tank.

The Hunters are confident of  
ample checks from the makers of  
the various mechanical devices be-  
ing used. They hope to write  
stories of the effort and they antic-  
ipate financial assistance from the  
milk and other food concerns and  
makers of the gasoline and oils  
used. Theatrical engagements will  
be taboo, Walter added.

Ohio Bank Fails  
To Open Doors

Federal Examiner Signs  
Closing Notice; New  
Officers In Charge

CINCINNATI, June 26.—The  
Brotherhood of Railway Clerks Na-  
tional bank failed to open for busi-  
ness today.

First information that the bank  
would not open came from a notice  
posted on the institution's doors  
saying the bank was closed. The  
notice was signed by a national  
bank examiner.

William Taylor, Cleveland, fed-  
eral bank examiner recently com-  
pleted an audit of the Brotherhood  
bank and on last Monday two  
changes were made in the official  
personnel of the bank shortly after  
directors said the institution was in  
sound condition. Michael G. Heitz  
was named vice president, suc-  
ceeding Lyman Norris, resigned, and  
William L. Luebbe, was appointed  
assistant cashier in place of Harry  
Rosenbloom who also resigned.

Closing of the Brotherhood bank  
came 16 days after another Cincin-  
nati bank, the Cosmopolitan Bank  
and Trust company, was forced to  
close on account of the \$1,000,000  
speculations of A. W. Shafer, former  
district manager of the H. L.  
Doherty company.

The Brotherhood bank recently  
announced it had increased its rate  
of interest paid on deposits from  
four to five percent.

# FORMER CANTON OFFICIALS INDICTED

Another Decoration For Byrd

CLEVELAND, June 26. — Three  
former Canton city officials pleaded  
not guilty when arraigned today  
before Federal Judge West on a  
charge of conspiracy to violate the  
prohibition laws.

The men are Arthur B. Druken-  
brot, Canton tailor and former  
councilman; Ellis Darany, former  
police sergeant; and E. E. Curtis,  
former safety director and brother  
of former Mayor C. C. Curtis, who  
was defeated for reelection last  
November.

Bond for Drukenbrot and Cur-  
tis was fixed at \$5,000 each. Two  
charges of conspiracy were filed  
against Darany and his bond was  
set at \$10,000.

Named By Grand Jury

They were named in a grand  
jury report yesterday. Hearing that  
they were wanted the three men  
surrendered.

A deputy for the United States  
Marshal's office here is said to have  
left for Stark county to arrest three  
more.

The indictments were reported  
late yesterday along with 77 others  
after several weeks' work. Federal  
prohibition agents, after a three  
months' investigation, charged that  
the city had been laid out in well-  
defined vice and liquor districts  
and that racketeers paid large sums  
of money to police and politicians  
in return for being allowed to op-  
erate without interference.

The former city official reported  
named in the three secret indict-  
ments was a storm center in Can-  
ton politics for several years. He  
was quoted as saying that he knew  
nothing of the indictment but "ex-  
pected something like that might  
happen."

The former police sergeant, a  
member of the Canton police force  
for 20 years, was reported coming

(By The Associated Press)  
CHICAGO, June 26 — The four  
flying Hunter boys of Sparta, Ill.,  
staked virtually all their money on  
an airplane endurance flight which  
if it is continued, will surpass the  
record at 6:01 o'clock next Sunday  
morning. At 3:40 a. m. today the  
plane had been in the air 347 hours.

Waiter, the eldest, said they had  
pooled their funds, expecting to  
realize at least \$200,000 if the flight  
was successful.

The smooth sailing that had  
marked the flight for two grueling  
weeks turned rough last evening  
when the first serious threat to the  
success of the flight—a leaky gaso-  
line tank—developed. The tank  
under the left wing was the faulty  
one, and the circumstance neces-  
sitated night refueling, with its  
hazards and difficulties.

Try To Repair Tank

The fliers, in notes dropped to  
the field, said efforts were being  
made to repair the tank and they  
also spoke of the added caution  
needed in handling the plane due  
to the change of balance created  
by the empty left wing tank.

The Hunters are confident of  
ample checks from the makers of  
the various mechanical devices be-  
ing used. They hope to write  
stories of the effort and they antic-  
ipate financial assistance from the  
milk and other food concerns and  
makers of the gasoline and oils  
used. Theatrical engagements will  
be taboo, Walter added.

Federal Examiner Signs

CINCINNATI, June 26.—The  
Brotherhood of Railway Clerks Na-  
tional bank failed to open for busi-  
ness today.

First information that the bank  
would not open came from a notice  
posted on the institution's doors  
saying the bank was closed. The  
notice was signed by a national  
bank examiner.

William Taylor, Cleveland, fed-  
eral bank examiner recently com-  
pleted an audit of the Brotherhood  
bank and on last Monday two  
changes were made in the official  
personnel of the bank shortly after  
directors said the institution was in  
sound condition. Michael G. Heitz  
was named vice president, suc-  
ceeding Lyman Norris, resigned, and  
William L. Luebbe, was appointed  
assistant cashier in place of Harry  
Rosenbloom who also resigned.

Closing of the Brotherhood bank  
came 16 days after another Cincin-  
nati bank, the Cosmopolitan Bank  
and Trust company, was forced to  
close on account of the \$1,000,000  
speculations of A. W. Shafer, former  
district manager of the H. L.  
Doherty company.

The Brotherhood bank recently  
announced it had increased its rate  
of interest paid on deposits from  
four to five percent.

MIDDLE OF THE ROAD

Great Britain in the second half of the Simon commission's report published yesterday recommends that India hold strictly to the middle of the road under the guidance of British overseas until such a time as she is ready to strike out for herself. It was exactly what India expected to hear and was foreshadowed in the descriptive content of the first half of the commission's report published June 10, last.

The report recommends principally that an all-India federation be formed looking toward eventual self government. Complete alternative authority is to be maintained in the meantime, while increased political consciousness and union of the states of the Indian princes with the provinces of British India are cultivated. Near the end the Simon commission's report states:

"Federations come about only when the units to be federated are ready for the process, and we are far from supposing that the Federation of India can be artificially hastened, or that, when it comes, it will spring into being at a bound. The practical question is whether at the present stage there are many definite but modest steps which might be taken by way of tentative advance."

Good, sound, sane old England! The last sentence in the paragraph immediately above is characteristic. "Definite but modest steps;" "tentative advance"—promising no magic solutions, no spectacular campaigns, but working hand in hand with the slow-grinding processes of evolution. When the Simon commission reached its decisions concerning India, Mahatma Gandhi had not yet distilled his first breaker of salt water in defiance of Great Britain. His was an act which kindled the fires of revolution, but the heat from the blaze has not driven the commission one step in retreat from its original stand. In conclusion the report says:

"In writing this report we have made no allusion to the events of the last few months in India. In fact the whole of our principal recommendations were arrived at and unanimously agreed upon before these events occurred."

"No one of either race ought to be so foolish as to deny the greatness of the contribution which Britain has made to Indian progress."

And finally:

"We submit our report in the hope that it may furnish materials and suggest a plan by means of which Indian constitutional reconstruction may be peacefully and surely promoted."

The Indian nationalists will not be satisfied with the recommendations of the Simon commission. Indeed, it is doubtful if they would be satisfied with immediate dominion status so completely have they been saturated with the revolutionary spirit. But, after all, the active nationalists are a minority, albeit an important one. Perhaps they are, as the Simon commission recognizes, "the force in Indian society today that may contain within itself the power to overcome the deep and dangerous cleavage that threatens its peace."

The next scheduled step in the settlement of the Indian problem is the round table discussion on Indian affairs which will occur in London during October. In the meantime, there is just a very remote possibility that India will recognize the middle of the road course for what it is—the only sensible way out of its difficulties. Revolution already has served its purpose in focusing the world's attention on British policy.

Many persons have only Sundays and an occasional holiday to drive out where the billboards are in bloom.—Toledo Blade

## What Others Say

### THE PRESIDENT ON THE TREATY

In the final sentence of a statement issued recently regarding the naval treaty now pending before the senate, the President met squarely and effectively an objection that has been raised to the treaty by some of the opponents to its ratification. He said: "There is not one scintilla of agreement or obligation of any character outside the treaty itself."

This means explicitly, just what the President said, that whatever there is of agreement, of limitation, of understanding between the powers signatory to the treaty lies in the instrument. There are no hidden compacts, no secret agreements, no implied obligations beyond the text.

As in his final sentence the President specifically quashes an indictment of the treaty brought by its foes, so in his first sentence he clears the air of any possible misunderstanding regarding what the treaty does, in fact, accomplish for the United States. The real issue, he says, is whether we shall stop competitive naval building with all the destruction and dangers to international good which continuation on these courses implies. Then he points out that the treaty prevents the necessity of spending an enormous sum in a race to catch up with competitors, with no assurance that we will reach parity and proportionate strength. He sets forth that this present agreement gives us a substantial parity and therefore with our army absolute defensive power. This is accomplished by an agreement which makes for good will and for a decrease in the naval armament of the world, and which puts our program of naval renewals and cruiser construction at a cost far less than would otherwise be required.

The program is to let congress adjourn upon the conclusion of its present legislative schedule, then to call the senate in extra session to consider the treaty. There will be no adjournment without action. There must be a count of hands this summer, and the sooner the better. There is no earthly reason for honest misunderstanding of the treaty, nor for opposition to it when its purposes and its possibilities for the national and international welfare are measured.—Washington Star

## HEALTH

By Dr. Royal S. Copeland

### MEDICINE BOTTLES

We all hate to read accounts of persons who are accidentally poisoned. But such a regrettable occurrence may happen in your home if you keep unlabeled bottles in your medicine cabinet.

Under no circumstances should you permit a bottle or box to stand in your home without the proper label. If the contents are poisonous, have printed on it the word "POISON" in big letters.

Often when you want a drug you are in a hurry or are upset by the very accident of sudden illness which calls for the use of the drug. This makes it easy to forget the location of the particular bottle you want.

All drug are more or less poisonous. Even though some particular drug may seem mild to you, it may be harmful to a susceptible person. For this reason if no other, it is unwise to take any drug unless it is prescribed by the doctor.

Medicines Must Be Fresh

Medicines to be of value must be fresh. If kept too long they get stale and germs multiply in the liquid. Ointments, particularly those made with an animal or vegetable oil, soon become rancid. Some drugs lose their medicinal value when exposed to light and air.

Many a housewife who is careful that her pantry shelves contain only fresh seasoning and flavoring will have on her medicine shelf stale and rancid drugs. These, too, may be in unlabeled bottles or boxes.

I have seen terrible accidents happen from putting the wrong medicine in the eye. In the worst case I ever saw the victim was a doctor.

The average household needs very few drugs, especially drugs which can do any harm. Have one place where all the household remedies are kept. This should be a dark and dustless receptacle located in a cool place. Have every bottle and box plainly labeled, showing the ingredient, its strength and the date of purchase.

Always, no matter what the hurry, read the label before applying the remedy. If you do this there will never be a mistake in your home.

## RESERVATIONS IN NAVAL PACT MAY DELAY PROGRESS

Approval Assured, Debate Looms, However; Cite All Reasons

(By The Associated Press) WASHINGTON, June 26.—Reservations in preparation by opponents of the London naval treaty threatened today to prolong the senate's contest over ratification of the pact. Administration spokesmen continued confident the arms limitation agreement would eventually be given unreserved approval but foresaw a protracted, bitter controversy. The reservations under preparation would include the following:

A declaration that the treaty involves no permanent surrender of the previously claimed right of the United States to build as it pleases.

**Reservations Are Listed**  
An assertion that under the so-called "escape clause" America can build whatever type of ship it desires in the event of England or Japan building beyond the treaty limits because of the construction programs of nations not signatory to the pact.

A statement that under the replacement clauses Great Britain can replace her six-inch gun cruisers with ships of that category.

The first reservation is an outgrowth of the controversy over the comparative value of six-inch and eight-inch gun ships. Opponents of the treaty, including numerous high ranking naval officers have contended the pact involves a departure from accepted American construction policy, in its curtailment of the construction of big cruisers.

**Cite Building Plan**  
With respect to the second reservation, foes of the pact assert that if Great Britain builds beyond the treaty figures under the escape clause, America can build only in the same categories as the new British vessels.

An exchange of notes already has taken place on the subject of the third reservation.

President Hoover is standing firm upon his announced intention of calling a special session of the senate immediately upon adjournment to take up the treaty. This was learned after a petition bearing the names of 24 senators and asking that the treaty debate be postponed until fall had been sent to him.

(Continued From Page 1.)

hours, 21 minutes. The Hunters hope to keep their single-motored ship soaring over Sky Harbor, a suburban airport, 500 or more hours.

**Sister Does Cooking**  
While the two younger Hunters, John and Kenneth, still in their early 20's, pilot the endurance plane, Walter and Albert, fly the refueling ship. A fifth Hunter, Irene, hurried from her school teaching in southern Illinois to supervise the cuisine department. She sees that the "finest brothers in the world" have what they want to eat, and that piping hot or icy cold, as they desire.

A sixth Hunter, mother of the quintet, has followed the flight's progress at her farm near Sparta. She will be at Sky Harbor "from Saturday on," observed Irene.

Failure? Well, the Hunters will go back to the mines, to the little farm, to the airmail, to restore family funds and pay off debts they incurred. John and Kenneth are mail pilots. Walter has an interest in a coal mine near Sparta.

**Lindbergh Was Inspiration**  
Col. Lindbergh was an aviation inspiration to the Hunters because he was forced down near their place on dark night. He spent the night at the Hunter home. Lindbergh then was flying the Chicago to St. Louis airmail.

The boys scraped \$2,000 together and bought a plane. John took three hours of lessons and flew the "crate" to Sparta. The three others soon learned to fly. After a crack up—and they had a few—they would go back to the farm and the mine and save their money until they could restore the plane.

Last year, John and Kenneth, known as the Chicago "mystery fliers" tried to break the endurance record. Fog prevented a re-fueling effort during the early morning hours and the airmen were forced down.

Endurance flying is not a sport for timid spenders. Walter estimated the cost at \$835 a day. To exceed the record of 1½ days the total cost will exceed \$11,000.

NEW YORK—Captain Harold A. Cunningham, master of the Levathan, is taking no chances on the giant liner going wrong coming up the harbor. Instead of taking on a pilot he brought her up the bay himself.

## University Students To Address Meeting

Miss Marjorie Foulke and Miss Edna Miller, students of the Friends University of Wichita, Kansas, and members of one of the Peace Caravans, sponsored each year by the American Friends Service committee, are in Salem and will speak tonight at the Friends monthly meeting at Damascus. On Friday evening they will attend a meeting of the Wilbur union at the Friends Meeting house on East Sixth st. and anyone interested is requested to attend. They will probably go to Alliance Sunday.

These caravans, composed of college students, have been making tours for the last three years. Their idea is to speak and spread the thought of peace throughout the United States.

## Arraignment Of Prisoners Friday

LISBON, June 26.—Prisoners indicated by the special grand jury Tuesday afternoon will be arraigned before Judge W. F. Lones in common pleas court No. 1 at 9 o'clock tomorrow morning.

It is possible that several of those who have been indicted will enter pleas of guilty as has been the rule during former arraignments, although some will enter pleas of not guilty.

The majority of those who have been indicted are now being held at the county jail in default of bond placed by committing courts.

## TRUNK MYSTERY MUCH DISCUSSED IN COURT FIGHT

Merger Battle Goes On In Youngstown; To Hear Testimony

(By The Associated Press) YOUNGSTOWN, June 26.—Four steamer trunks and their unknown but much debated contents were the objects of abstract scrutiny today in the trial of the injunction suit to prevent a billion dollar merger between Bethlehem Steel corporation and Youngstown Sheet and Tube.

As former Secretary of War Newton D. Baker was bringing to a close his opening statement answering the sensational charges of fraud made by Attorney Luther Day, there were waiting to testify four witnesses alleged to be directly connected with the trunk affair. The trunks, it was charged, were stored by an official of the Youngstown company adding department under an assumed name at a time when opponents of the merger were seeking to scrutinize certain records.

Attorney Baker, who represents the pro-merger forces offered his professional assurance "that the trunks contained nothing remotely resembling books, documents or records, he offered to prove his as-

sertion "in a negative way."

Before going into the trunk incident Attorney Day was expected to examine two pro-merger leaders on the stand in an effort to prove the contention of the stockholders represents that negotiations leading up to the merger were such that the Youngstown company had no real representation. These witnesses are J. A. Campbell, chairman of the board for Youngstown, and Frank Purnell, President.

## Payment Of Stock Money Up In Court

LISBON, June 26.—An echo of the failure of the Cleveland Discount Co. was heard when S. S. Kates, receiver of the corporation filed an action in common pleas court against J. A. McIntosh of Wellsville, R. F. D. No. 1 to recover \$240 and interest on one cause of action and \$270 and interest on another cause.

The petition states that the receiver has been ordered by the court to collect the unpaid amounts due on stock subscriptions.

McIntosh is declared to have purchased two blocks of stock in the corporation through William H. Kirby, a stock salesman, and a part of the cost of the stock has been paid.

to Cleveland to surrender. It was rumored that witnesses before the grand jury named him as the man actually in charge of the arrangements between police and liquor dealers.

The investigation was ordered by Mahon when in the last political campaign a patrolman charged law enforcement was "shackled with gold" and asserted a police sergeant was the directing genius of a "protection" ring.

Chief among the other indictments was that of S. Chester Crobaugh of Cleveland, former president of the Union Mortgage Co. on charges of using the mails to defraud in connection with the company's business.

**Failed 2½ Years Ago**  
The mortgage company, a \$30,000,000 concern, failed two and a half years ago with losses estimated by Robert F. Bervald, receiver, at \$7,000,000. Crobaugh, the only official of the company indicted was alleged to have induced persons to buy savings trust certificates on the understanding that money taken from them as partial

payment would be retained in trust until the account was paid in full, but that instead such money was diverted to the company's general fund and used for operating expenses.

Crobaugh, dubbed the "boy wonder in the mortgage field" was expected to appear at the federal building today to furnish bond.

YOUR LINSINS ALWAYS LOOK SO BRIGHT AND SNOWY MRS. CROSS

**How she gets such snowy washes**

THERE'S really no secret about it, my dear. Everyone knows Rinso washes clothes much, much whiter. Not only that, but it saves hard work. I never scrub any more; I let Rinso soak out the dirt. My clothes come so white, I don't even bother about boiling. I think Rinso is wonderful.

**Safe for finest linsins**

Though it works like magic, Rinso is safe. You can trust your finest linsins and cottons to its rich, soapy suds. What lusting suds — even in hardest water! You need no bar soaps, clips, powders or softeners.

Cup for cup, Rinso gives twice as much suds as light, puffed-up soaps — it's so compact. Great in washing machines; the makers of 38 famous washers recommend it. And nothing like it for dishwashing. Get the BIG package.

**MILLIONS USE RINSO in tub, washer and dishpan**

**BENEFIT PARTY**  
There were about 150 in attendance at the benefit party given Tuesday evening at the Christian church by members of the Young Peoples class. **Juror Informed Of Death Of Brother**  
LISBON, June 26.—During the afternoon recess in the case of Restum Morris of Leetonia, indicted last April for burglary and larceny, David Robinson of East Liverpool, a juror, was informed of the death at Barbenton, O., of his brother John Robinson, aged 67, who died Wednesday afternoon of paralysis.  
Mr. Robinson was born near Parkersburg, Wood county, W. Va., and resided in East Liverpool for about 20 years, later moving to Barbenton where he has lived for eight years. He has been inactive during the last two years.  
He is survived by his widow and one son Harold at home, three daughters, Mrs. Lena Englehart and Mrs. Zella Weddie both of East Liverpool and Mrs. Harry Williams of Woodsfield. His brothers are David of East Liverpool, William of Parkersburg, Samuel of Barbenton and John at Akron. A sister, Mrs. Walters, resides at Parkersburg.

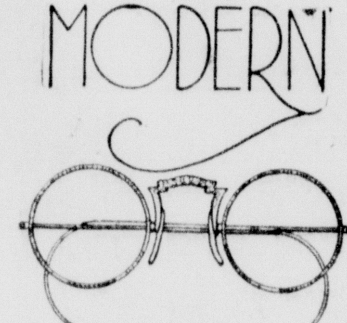

**Autoist Lives After Train Wrecks Car**  
CHICAGO, June 26.—By a miracle, Joseph Cesario lives today.  
Cesario drove his automobile last night into the path of a Northwestern train at a grade crossing. The machine was demolished.  
The engineer and firemen ran to the debris expecting to find the driver's body. Instead, they saw Cesario, bleeding from many wounds, stagger from between the locomotive and the tender.  
Two broken ribs, a score of cuts and possibly internal injuries were suffered, but physicians said Cesario's hurts would not prove fatal.

## SOHIO ETHYL Outstanding Favorite Among Owners of 123 Makes of Cars

**PICK out your car in the big score card.**  
Yes, it's there—and the big majority of those who drive it, use Sohio Ethyl gasoline. That's a proven fact disclosed by one of the most thorough surveys ever conducted in this State.

Absolutely impartial investigators interviewed 93,694 motorists, face to face, in all parts of Ohio. They asked just one question—"What gasoline do you use most?"

Definite preference for one brand of gasoline or another was expressed by 63,033 motorists. Of these, 18,586 preferred Sohio Ethyl. The nearest competing gasoline received 4,717 votes. By makes of cars the majority in favor of Sohio range from 2 to 1, to as high as 7.11 to 1. Those are certified facts!

After all, it's not surprising that Sohio Ethyl should have attained such overwhelming popularity. Never has a gasoline been refined with more exacting care. Vast resources, ultra-modern methods and experienced skill have combined to make Sohio Ethyl a truly Super motor fuel. Try it in your car.

# MARKETS

**BEAR OPERATORS FAIL**  
NEW YORK, June 26.—Bear operators failed to obtain any permanent advantage in the morning dealings in the stock market today, although, for a time, they did get the upper hand and succeeded in erasing initial advances of 1 to 3 points in United States Steel, American Telephone and Telegraph, American Telephone and Telegraph, and Westinghouse Electric.

The lower levels uncovered a quantity of scale buying orders which soon pushed the list higher than before. Tobacco rose 18 points in response to the splitup and higher dividend announced by the close of the market yesterday. Eastman Kodak improved 4 points; Auburn Auto 6 and Worthington Pump, J. I. Case and Allied Chemical 4.

The recuperative power shown by the Standard shares yesterday, together with the improved technical position, influenced many professional investors to retire their short contracts.

Call money renewed unchanged at 2 per cent.

# MEXICAN STATE HAS 2 RULERS

## Flight, Impeachment And Death, Bring Turmoil Into Political Status

(By The Associated Press)  
EL PASO, TEX., June 26.—Two men claimed authority to rule the state of Chihuahua, Mexico today as the result of a political disturbance which led to the impeachment of Gov. Francisco Almada and the slaying of Gabriel Jimenez, chief of state police yesterday.

Governor Almada sought to rule the state from Juarez where he fled by airplane yesterday after impeachment by the chamber of deputies on charges of misconduct brought by followers of Manuel Prieto, candidate for governor.

At Chihuahua City Manuel Jesus Estrada, a Prieto partisan, was acting as governor by virtue of authority conferred upon him by the chamber after it had deposed Almada.

Conflicting reports emanated from the capital concerning the slaying of Jimenez. The flight of Governor Almada, the impeachment session and the inauguration of Estrada as provision governor.

While the charges against Almada were being read, in the legislature a group of men headed by Gabriel Jimenez, chief of state police, came through the corridor of the palace and began shooting at the deputies it was reported. During the exchange of shots, Jimenez was shot in the head and killed almost instantly. Several others were injured.

After order was restored, the correspondent's account said, the deputies continued their discussion of the charges against Governor Almada, voted to impeach him and installed Manuel Jesus Estrada as governor. Administering the oath of office to him.

## TODAY

(Continued from Page 1)

the greater part of the money would be paid to men not incapacitated in the war, but incapacitated since the war.

This bill may play an important part in the next national election.

HENRY FORD will build at least six more big motor ships, of 6,000 dead weight tons each, to carry his products across the oceans and to South America.

Gradually Mr. Ford is building up a private fleet as big, in proportion to our times, as that of Daques Coeur, who helped the French king out of a bad hole, and as a reward, was falsely accused of murdering Anne Sorel.

Mr. Ford will get a better reward, let us hope.

WHILE MR. FORD is building ships, perhaps he will use his mechanical genius experimenting with faster ships. His new motor ships will make 16 knots an hour.

Some day, somebody will build ships to make one hundred knots an hour. And that somebody might as well be Henry Ford.

## AMONG "SAD WORDS OF TONGUE OR PEN"

The news includes Mr. Hoover's order that has sent all the wine glasses in the White House to be stored in a government warehouse.

Thin, delicately colored green and red glasses for Rhine wine, wide, generous champagne glasses, little glasses for brandy, all at snail's pace.

On White House sideboards and pantry shelves, the great American ice water glass will reign supreme.

## HOWEVER, NOTHING LASTS FOREVER

The fact that one administration is dry does not mean that others shall eternally lack "cakes and ale." Other Presidents, other ideas, and other glasses, Mohammed forbade wine, Kemal approves it.

### HOMEWORTH

Mrs. Ida Pieren entertained members of the Organized Bible class of the Presbyterian Sunday school at her home south of Homeworth, Friday afternoon. There were 21 members and five visitors present. Mrs. Ida Malone was leader; Rev. S. W. Seeman offered prayer; several hymns were sung with Mrs. Pearl Sopier at the piano. Mrs. Laura Ransayer gave a description of the trip she and Mr. Ransayer had taken through the east in which they visited their daughter and husband and many places of interest which was much enjoyed by the members. Mrs. Ida Malone read a clipping from a California newspaper written by Rev. Harmon McQuilkin, a former resident of Homeworth which was very interesting. An excellent lunch was served by the hostesses, Mrs. Pieren, Mrs. Maria Brooke and Mrs. Fietta Wallace. The class will hold its annual picnic at Sevakkeen lake some time in July.

A number of our people attended the Children's meeting at the Evangelical church at Freeburg, Sunday evening.

# Robins, Cubs Battle For First Honors At Half-Way Mark

## Race Tight As Midway Point Comes In Ball Season On July Fourth

(By The Associated Press)

Separated by one game in the standing the Robins and the Cubs open in Chicago today a series of four games which probably will decide which will reach July 4, the traditional turning point of the season, on top.

Brooklyn has held first place for about a month with a crippled Cub team hanging right onto the next rung of the ladder. The Robins did a little sliding yesterday as they lost their final game before invading Wrigley field to the Pittsburgh Pirates. They can lose again today and still remain ahead but only by a few percentage points.

The Robins could not hit the offerings of Ray Kremer yesterday, getting but seven rather ineffective blows. Pittsburgh touched Dudley and Clark for 11 blows and a 5 to 1 victory. The Cubs hit the Philadelphia pitching much more freely but barely pulled out the game by a 13 to 12 score to sweep the three game series and score their eighth victory in their last nine starts. Gaby Hartnett drove

the St. Louis Browns in their third straight double header. Ruth hit his 25th and 26th home runs in the second game, heading a 20 hit attack that resulted in a 16 to 4 triumph after the Yanks had edged out a 5 to 4 victory in the opener.

The day's results were all in favor of the Yankees, leaving them only a half game behind Washington and two behind the league leading Philadelphia Athletics. The Senators held onto second place by beating the Cleveland Indians for the fourth successive time, 13 to 5. Washington scored 11 runs in the seventh.

The Athletics got an even break with the Chicago White Sox, romping through the first game 8 to 1. Chicago took the second, 7 to 2. Jack Russell of the Boston Red Sox had just one bad inning against Detroit, the eighth, but that was enough to give the Tigers the game, 4 to 3.

In the winning run in the ninth inning after his two home runs and a single had brought in five other runs.

The Cincinnati Reds shoved the New York Giants deeper into third place, by winning the series final, 11 to 3, to break even in the four games. Starting against an ex-Red, Pete Donohue, they pounded out 18 hits while Red Lucas held the Giants to half that number.

It was Babe Ruth day again in the American league as the home run king hit two wallops of his favorite kind to lead the New York Yankees to a double victory over

### Babe Ruth Ahead Of Record Year

CHICAGO, June 26.—Babe Ruth's home run barometer today disclosed that the big Bambino was exactly eight days and two homers ahead of his record breaking schedule of 1927.

He hit two circuit smashes yesterday to give him a season's total of 26. In 1927, he did not make his twenty-sixth until July 3. On June 25, 1927, he had only 24 or two less than his present crop.

Hack Wilson of the Cubs and Walter Berger of the Boston Braves are four blows behind Ruth's record-breaking pace and two behind Ruth's 1927 schedule. Hack came close yesterday against Philadelphia but didn't succeed while Berger was idle.

## United Cigars Score Shutout Over Lodge

United Cigars advanced into undisputed possession of second place in Class A softball league standings through a 3-0 victory over the Maccabee lodge team while the Electric Furnace aggregation lost by forfeit to the Kiwanis club at Centennial park Wednesday.

The Cigars' shutout decision over the lodges marked their fifth victory of the year. Three teams, the Maccabees, Electric Furnace and Kiwanis club are tied for third place with four victories and three defeats.

The Furnace team failed to appear for the game with the Kiwanians resulting in a forfeiture in favor of the latter combine.

The Maccabees-Cigars contest was a pitchers' battle between Ducky Youtz and George McPeely allowing only five hits while the Tobies poled out six of Youtz' offerings for bingles. Both teams fielded sensationally to aid in keeping the score down.

The game will be played at the park tonight. The championship Salem Hardware meets the Penn.-Ohio team and Mullins meets the Sanitary.

## THE DAY In Sports

FIRST HALF NEARS END  
MULLINS LOOMS STRONG  
CHURCH LEAGUE OPENS

THE FIRST HALF of Salem's Class A mushball season comes to its conclusion at Centennial park this evening. The usual Thursday night contests are scheduled but the championship has already been decided despite the fact that the Salem Hardware is one of the teams to get into action today.

The Hardware have won six straight while its nearest competitors have both lost two decisions, eliminating them from consideration.

The Hardware's titular march is the big surprise of the first half. Few of its own partisans conceded it any great chance to finish on top. The team is composed of no outstanding stars, but still it came through with well known flying colors and will compete with the second half champion for city honors when the time for the annual series rolls around. There is only a slight possibility for the Hardware team to annex the second half title also.

AMONG THE FAVORITES for the lead position in the second half race will be the Mullins Manufacturing corporation crew. Composed of hardball stars this team has played poorly in the first half, both at bat and in the field, while the pitching has not been consistently on par with that of other teams. Mullins is expected to hit its stride and should be a real contender.

The Kiwanis club is again near the top for team batting honors but in winning games it isn't in the race with the topnotchers. Bad fielding loses the clubmen most of their games. The Maccabees boast an outfit that looks better in the field than the champions but one bad inning lost the lodgemen a decision to the Hardware in their first half encounter. Then again, a streak of bad luck defeated the Maccabees, 1-0, in a five-inning game with the Electric Furnace.

The Furnace team has been playing unexpectedly good ball and will be in the battle again next half. The Penn.-Ohio team's fielding is below par and its power at the batter's box is among the weakest in the circuit. The National Sanitary came close to winning only one game and was overwhelmed in its remaining contests.

Scott Chisholm's youngsters, the United Cigars, with added power at bat, will prove a stiff stumbling block. In McPeely the team has a good hurler while the entire team

is as good an outfit as can be selected from the city's younger set.

THE CHURCH LEAGUE GETS under way tomorrow night with two games. With its organization interest in softball activities is at its peak. Fans will get all of the sport that they want this summer.

JUST AFTER 1 o'clock in the afternoon, take a glance at what's happening in the rear of the post office here. Bill Carlisle, "Red" Cozad, Chet Mellinger and most of the federal building's employees are indulging in their luncheon tournament of barnyard golf. No experts have been developed in the contests as yet but the men are practicing

steadily with competition keen for the title of the best horseshoe-pitching mail-carrier in Salem.

THEN A TRIP to city hall during the afternoon will be interesting. If all is normal Fire Captain George Lewis, Ted Yarwood, James Hinkle, Curt Yarian or Bill McIlvain will be participating in a "66" battle to uphold the department's prestige as masters of teams selected from groups composed of ex-Mayor Phil G. Hiddleston, Harry Robinson, Antone Melsner, Danny Morningstar, Bob Hollein and others. No war was ever fought more viciously.

## "HIGH SOCIETY BLUES"

At The State

Janet Gaynor and Charles Farrell make their debut as ukelele strummers extraordinary in "High Society Blues."

Neither Miss Gaynor nor Farrell ever have had a musical "double" and they made no exceptions when called upon to play ukeleles.

Miss Gaynor took a course of "uke" lessons from the greatest native teacher on a recent trip to Hawaii.

Miss Gaynor sings four songs and Farrell sings five. The musical score was written by Joseph McCarthy and James F. Hanley. McCarthy is co-author of "Rio Rita," "Irene Kid Boots" and many other famous productions; while Hanley has written scores of popular song hits.

## When Your Stomach Groans With Gas

When Sourness, Pain and Bloating Follow Every Meal  
MAKE THIS SIMPLE TEST

If you really want stomach comfort—quick, certain and lasting relief from the usual annoyance of after-eating distress—make this simple NEVER FAILING TEST today!

At trifling cost, get from the nearest drug store some Bisurated Magnesia—either tablet or powder—and take a little after your meal. This is a simple, pleasant, inexpensive test that can be depended upon to prove its value in less than five minutes. In most cases, relief comes instantly.

Bisurated Magnesia is a good old fashioned recipe that has been straightening out disordered stomachs for many years. Nothing better has ever been found for soothing, cleansing and sweetening the stomach and neutralizing the dangerous stomach acids that cause dyspepsia and indigestion. If you have never tried it, you do not know what stomach comfort means.

Miss Helen Coblenz, student at Oberlin college, will leave June 30, to attend summer school at the University of Pittsburgh.

Missionary Society to Meet  
The June meeting of the Women's Missionary society of Grace Reformed church will be held Friday afternoon at the church, Miss Olive Rohrbaugh, missionary teacher in the Philippine Islands, will give an interesting address.

The June meeting of the Mary-Martha class of the Lutheran Sunday school will be held Friday afternoon at the church.

Mr. and Mrs. R. H. Vaughn and children, Maxine, and Henry and Roy Leonard attended the Vaughn reunion at Lake Brady, Saturday.

Mrs. Siler and daughter, Miss Bessie, of Lectoria, were Columbiana shoppers, Tuesday afternoon. Miss Gertrude Weaver, East Liverpool, and Clarence Burkle, son of Mr. and Mrs. W. J. Burkle, east of town, were united in marriage Saturday at the bride's home, the ceremony being performed by Dr. I. T. Headland of Mt. Union college, assisted by the groom's uncle.

Rev. G. L. C. Richardson, of Tarentum, Pa. The attendants were: Miss Marjorie Shope and Harold Burkle. The happy couple are at present on a motor trip to Omaha, Neb., where they are visiting Parker Orr, a fraternity brother of Mr. Burkle. Upon their return they will live in the house formerly occupied by George Burkle and family, east of Columbiana. The couple are graduates of Mt. Union college, where they were schoolmates. Mrs. Burkle has been employed as teacher in the East Liverpool schools and Mr. Burkle, a star athlete of Columbiana High school and Mt. Union college, has been coach at Boardman High school for several years.

YOU CERTAINLY CAN

AFFORD GOODYEARS

THERE never has been a time when the tire-buyer's money could buy as much as right now.

Rubber's cheap—and consequently tire prices are the lowest they've ever been.

People with an eye to values are seizing this chance and making the most of it.

They're buying Goodyear Tires—because right now they can buy them for as little as they used to pay for inferior or unknown tires.

Why are they singling out Goodyear Tires with especial

insistence as against all others?

Because Goodyear Tires are definitely superior in tread and carcass, the two main parts of a tire.

The Goodyear All-Weather Tread is superior in traction.

The Goodyear Supertwist Carcass is superior in vitality and long life.

You are not asked to accept these statements without inquiry.

Any Goodyear Dealer will be glad to demonstrate the facts. The facts certainly are: Goodyear Tires do give greater value.

As far back as 1916, it became a

fact that more people ride on Goodyear Tires than on any other kind.

Every year since that time it has been increasingly true that more people ride on Goodyear Tires than on any other kind.

Today this preference for Goodyears runs into millions: millions more people ride on Goodyear Tires than on any other kind.

More Goodyear Tires than any other kind annually leave motor car factories on new cars—more Goodyear Tires go into service through the great Goodyear dealer organization—more Goodyear Tires are used by transcontinental, urban and interurban buses.

There can be only one conclusion: Goodyear Tires must be better—and at present prices they are a matchless bargain.

Now is the time to get yours.

## COSTS 85 CENTS A MONTH TO LOSE POUNDS OF UGLY FAT

Thousands of Women Know This Is True

How would you like to lose 15 pounds of fat in a month and at the same time increase your energy and improve your health?

How would you like to lose unhealthy fat that you don't need and don't want and at the same time feel better than you have for years?

How would you like to lose your double chin and your too prominent abdomen and at the same time make your skin so clean and clear that it will compel admiration?

How would you like to get your weight down to normal and at the same time develop that urge for activity that makes work a pleasure and also gain in ambition and keenness of mind?

Get on the scales today and see how much you weigh—then get an

85 cent bottle of Kruschen Salts which will last you for 4 weeks. Take one half teaspoonful every morning in a glass of hot water—do not overeat—walk a little each day and when you have finished the first bottle weigh yourself again.

Now you can laugh at the people who pay hundreds of dollars to lose a few pounds of fat—now you will know the pleasant way to lose unsightly fat and you'll also know that the 6 vitalizing salts of Kruschen Salts that your blood, nerves and glands must have to function properly—have presented you with glorious health.

After that you'll want to walk around and say to your friends—“One 85 cent bottle of Kruschen Salts is worth one hundred dollars of any fat person's money.”

Leading druggists America over sell Kruschen Salts—you can always get it at J. H. Lease Drug Co., Three Stores. Adv

## TRY THE SALEM NEWS

## THOUSANDS OF CORNS REMOVED

Your Druggist now has a remedy that really will remove ANY corn or callus quickly and without any pain. It is properly named END-O-CORN. If you are one of the unfortunate ones who have tried many so-called "corn cures" and still have your stubborn old corns or calluses go to any Drug Store in Salem NOW and let them demonstrate "END-O-CORN." It only costs fifty cents but it's worth \$50 because it is sure.—Adv.

## COURT NEWS

**Sues For Money**  
 H. G. Harding, alias N. C. Moore entered into a contract April 4 last with Gilbert E. Smith to erect a building on the premises of Henry Shoffnocker on the East Palestine-Columbiana road in Unity township at a cost of \$1,500. Smith performed his part of the contract, but has not been paid \$1,500 as has been agreed. The petition also sets up

that they present whereabouts of the defendant are unknown. Frank W. Springer of East Palestine is counsel for Smith.

**Bank Is Named**  
 An order in aid to appear and answer has been issued in common pleas court, directed to the People's State Bank of Lisbon in the case of the Firestone Bank against the Hinchcliffe Real Estate & Mortgage Co., of Lisbon. This is an action to recover on cognovit notes held by

the plaintiff and given by the defendant company.

An Englishman has combined an eight-day clock, visible to all occupants of an automobile, with a rear vision mirror.

## Expense Money for the Farm

The profit season on the farm is during the fall and winter months, when the products are marketed. The expense season is in the spring, in fact money is needed at almost every stage of farm production, right up to harvest. The City Loan bridges this gap with helpful loans up to \$1,000—to be paid back six months later. It is a plan that works—try it.
